MSTI Afterschool Enrichment Internship

The MSTI Afterschool Enrichment Internship is offered in collaboration with Children's Empowerment, Inc. (CEI). CEI is a non-profit corporation that provides in-school and after-school academic programs to at-risk middle and high school grade students in Daly City, California. The MSTI Afterschool Enrichment Internship allows SFSU students to teach in these afterschool programs. Students are eligible to apply if they are a current MSTI Fellow or Member. **Awardees will be given \$1500 per semester, to work in one of three Daly City middle schools.** Interns will design and deliver hands-on, inquiry-based activities in math or science to children in their regular afterschool programming.

Qualifications: Applicants should be able to commute to the school site and work between the weekday hours of 3-6 PM. Some experience working with middle school aged children is desirable. Internship awards are based on merit and are not dependent upon financial aid status. Awardees will be notified by E-mail.

The three school site locations are:

Thomas R. Pollicita Middle School
550 E. Market Street
Daly City, CA 94014
Phone: (650) 991-1216
Fax: (650) 755-2170

Benjamin Franklin Intermediate School
700 Stewart Avenue
Colma, CA 94015
Phone: (650) 991-1200
Fax: (650) 756-547

Robertson Intermediate School
One Martin Street
Daly City, CA 94014
Tel: 415.467.5443
Fax: 415.467.1542

Expectations: Interns will be assigned to one school site per semester. Interns will instruct for 2 hours a week for approximately 10 weeks. Hours will be documented and supervised by MSTI Staff. Interns will submit weekly reflections to MSTI Program Director. MSTI and CEI staff will be available to help develop lesson plans.

To apply, complete the accompanying application form and supporting materials and return these to SCIENCE BUILDING Room 211

The completed application should include:

- Data form (attached)
- Personal statement (two typed pages maximum). In this essay indicate previous experience with 6-12th grade students and how this internship will benefit your future training as a teacher.
- Résumé
